

Fullstack Developer Training

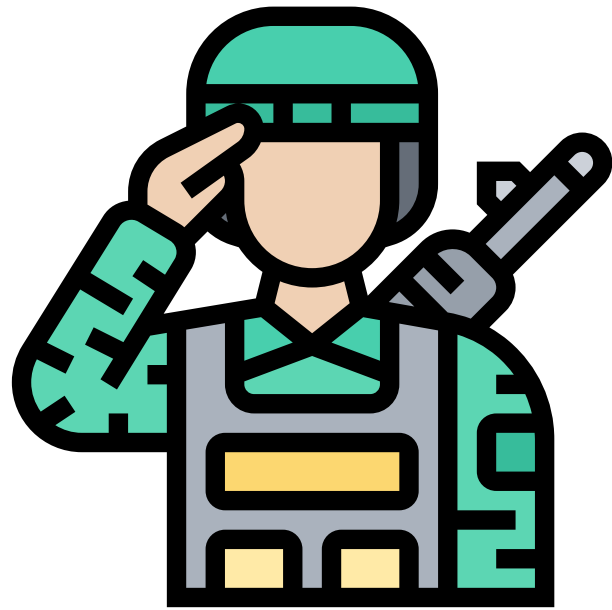

FREE Course with FREE Training Material

Why to PAY, if
QUALITY
content is
available for
FREE

LEARNING should be FREE.
And yes, we can learn on -
YOUTUBE, GITHUB, HACKER
RANK etc

YES, you can BECOME
fantastic DEVELOPER

if you have or will develop these 3
habits

discipline

consistency.

practice

How do I start learning ?

WATCH the video, PAUSE it, CODE in same way and PUSH to your personal git repository everyday

STRUGLE and resolve
it on your OWN

use GITHUB, STACKOVERFLOW for
posting your questions

What if
I get
any
QUERY

Course Content

VSCode

Code editor for everthing

Github

Needed git operations

Fontend

HTML5, CSS3, Bootstrap, Javascript, Typesript, Angular or React

Backend

Java 8, Spring Boot and Needed Projects

Database

Postgresql and MongoDB

DevOps

Docker and Kubernetes

Microservices

Spring Cloud Microservices

- **Microservices** - https://www.youtube.com/watch?v=Z7A_M8HkJG0&t=2992s
- **Microservices** - <https://www.youtube.com/watch?v=BnknNTN8icw&t=154s>
- **Docker for Java** - https://www.youtube.com/watch?v=FlSup_eelYE
- **Spring Microservices on Kubernetes** - <https://www.youtube.com/watch?v=VAmntTPebKE&t=226s>

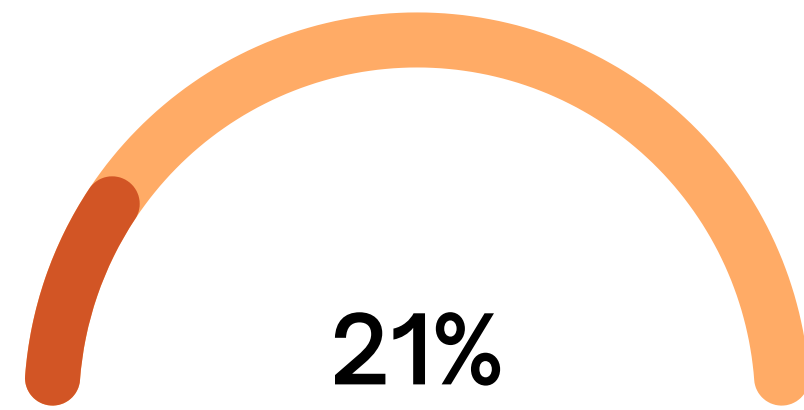

Hope you
have
ENJOYED
the
LEARNING

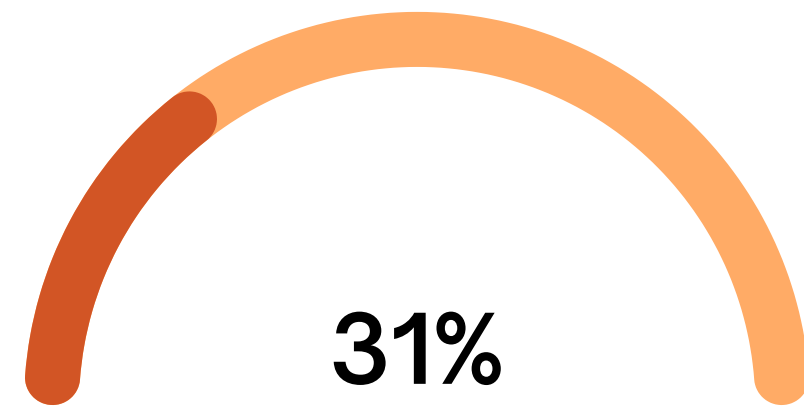

Completed All Videos

If you have watched all given videos, typed code and pushed it to git repo daily

2 Live Projects

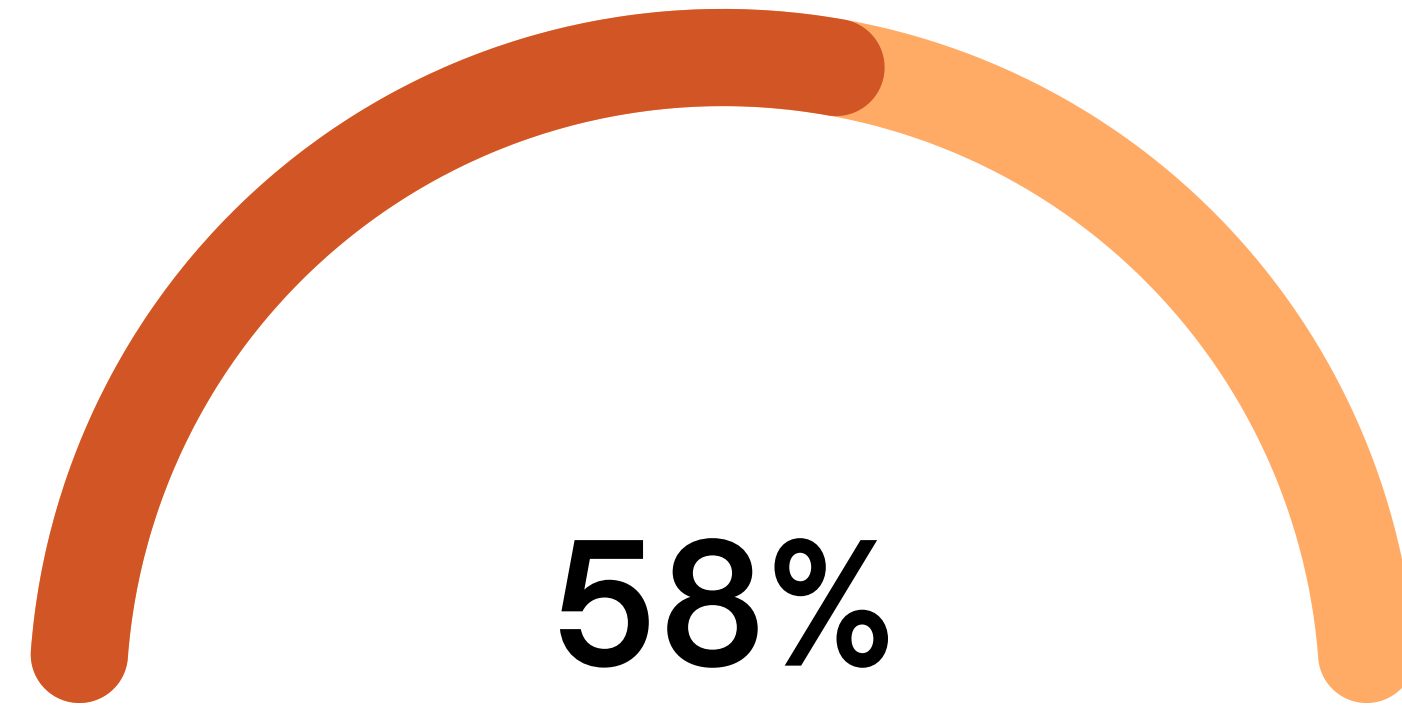

Apart from projects in course, if you have completed, your own 2 projects, which covers everything you learnt

Freelancing/JOB

If you get the job or freelancing work after taking this course

Assess
yourself
HONESTLY
and you
will never
fail ...

you will NEVER learn 100%, but 50%
and above is POSSIBLE, when you
start EMPOWERING others
